

I'm not robot!

"Love Somebody"

I know your insides are feeling so hollow
And it's a hard pill for you to swallow, yeah
But if I fall for you, I'll never recover
If I fall for you, I'll never be the same

I really wanna love somebody
I really wanna dance the night away
I know we're only half way there
But you can take me all the way, you can take me all the way

I really wanna touch somebody
I think about you every single day
I know we're only half way there
But you can take me all the way, you can take me all the way

You're such a hard act for me to follow
Love me today, don't leave me tomorrow, yeah
But if I fall for you, I'll never recover
If I fall for you, I'll never be the same

I really wanna love somebody
I really wanna dance the night away
I know we're only half way there
But you can take me all the way, you can take me all the way

I really wanna touch somebody
I think about you every single day
I know we're only half way there
But you can take me all the way, you can take me all the way

Oh, oh, oh, oh, oh, oh, oh, oh, oh, oh

I don't know where to start, I'm just a little lost
I wanna feel like we never gonna ever stop
I don't know what to do, I'm right in front of you
Asking you to stay, you should stay, stay with me tonight,
yeah

And all those
fairytales are full
of shit
One more fucking
love song I'll
be sick

I'm at a payphone trying to call home
All of my change I spent on (F)you
Where have the (C)imes gone
Baby it's all (G)wrong, where are the (Am)plans we made for (F)two?

Yeah, I (C) know it's hard to remember
The people we used to (G)be
It's even harder to (Am)picture
That you're not here next to (F)me

You say it's too late to make (C)E
But it is too late to (G)ry
And in our time that you (Am)wasted
All of our bridges (F)burned down

I've wasted my nights
You turned out the lights
Now I'm paralyzed
Still stuck in that time when we called it love
But even the sun sets in paradise

I'm at a payphone trying to call home
All of my change I spent on you
Where have the times gone
Baby it's all wrong, where are the plans we made for two?

If happy ever after did exist
I would still be holding you like this
All those fairytales are full of sh*t
One more stupid love song I'll be sick

You turned your back on tomorrow
Cause you forgot yesterday
I gave you my love to borrow
But just gave it away
You can't expect me to be fine
I don't expect my future
I know I've said it before
But all of our bridges burned down

I've wasted my nights
You turned out the lights
Now I'm paralyzed
Still stuck in that time when we called it love
But even the sun sets in paradise

I'm at a payphone trying to call home
All of my change I spent on you
Where have the times gone
Baby it's all wrong, where are the plans we made for two?

If happy ever after did exist
I would still be holding you like this
All those fairytales are full of sh*t
One more stupid love song I'll be sick

Now I'm at a payphone...

Wiz Khalifa
Main work that sh*t
I'll be out spending all
this money while you sitting round
Wondering why it wasn't you who came up from nothing
Now when you see me I'm slumping
And all of my cars start with the push up a button
Telling me the chances I blew up or whatever you call it

Franklin Clinton Leaders\$15,000\$85,000 if criteria metAssociates\$15,000\$45,000 if criteria met Purchasing an AgencyCompletion of 3 Security Contracts "Hey, look. Good shit on those contracts you been workin' on. But listen, I got some other work. A certain kind of work that need a certain type of person, you know what I mean? Big ticket type shit. I don't wanna say too much on my cell. So I'll be in touch with you on a payphone. Keep your ears open." — Franklin Clinton after the third Security Contract is completed. Payphone Hits are a series of missions featured in Grand Theft Auto Online as part of The Contract update. They are Free Mode jobs that can be conducted in any session type. Two of the jobs will only be offered to Organizations or Motorcycle Clubs with two or more members in the session. Overview You have unlocked Payphone Hits. Answer ringing payphones for missions to assassinate a range of targets to earn cash and RP. Execute the bonus assassination method to earn additional cash. Answer the nearby payphone to begin a Payphone Hit for Franklin. Press (control) to answer the phone. "Ey, so when was the last time you used a payphone? 'Cause believe me, there's some things you don't want the FIB to hear. Y'know, things like "contract killings", "stock manipulation", ya feel me? 'Cause see, I knew the dude who used to run the hits in this town, and he knew something most of the hatchet guys out there don't: the money only starts flowing when the stock market gets involved.Now, I got my share of high-net-worth individuals in my contacts these days. And since we got our own partnership up and running, a few of 'em started hitting me up with some propositions that been making me think shit. I need to get back in the game... with me running the plays, and you working the fields? Man,So look, here's the deal. We take out some assholes, who fuckin' deserve it anyway, which fixes the market in our own client's favor, and they send us some serious paydirt, you got me?All you gotta do is pick up the phone, I'll give you the mark, and then I'll text you some details from the burner. You can do it however you want, but the clients pay extra if you do it just right. Sounds good?" — Franklin Clinton to the player explaining the jobs. After completing their third Security Contract, Franklin calls the player to advise that he is now running the insider-trading assassinations that Lester Crest had him perform in Grand Theft Auto V. Since he believes the FIB are monitoring Mobile Phone communications, he advises that all instructions will be given via payphones. Players can call Franklin to request a hit or they may encounter the payphones randomly ringing. Should the player choose to drive away from the payphone, it will stop ringing once they get far enough, thus requiring waiting/calling for another hit. Players are given a specific target to assassinate, usually with a 15 minute time limit. Additional specific instructions can be followed in order to increase the cash payout for the hit. If the bonus method is not used, a 3 star wanted level may need to be evaded, or multiple enemy reinforcements may need to be eliminated or evaded until the time limit expires before the mission is complete. After completing a hit, there is a 20 minute cooldown before another hit can be requested. The CEO "You ever heard of the show called Closet CEO? Where some asshole billionaire pretends to be one of his broke-ass employees for a day or two. Well, keep thinking about that, and then think about the CEO of Gold Coast Development. This dude is a world-class asshole... union bustin', poor working conditions, corruption, intimidation, man, you name it... and check this out... now he about to throw on some overalls and play nice for the workers on his site for the cameras.Now, full disclosure: I did some work a while ago that gave this asshole's market value a boost. But that was before I heard what a piece of shit this fucker really is. So, when a client came to me with a proposal to make some bills off liquidating his ass, man, I said hell yeah.Our client goin' short the fuck out of the Gold Coast Development stock... then we goin' ice this fool while he's playing at construction worker for this dumbass show. The stock tanks, our client gets rich, we get paid.And if we make it look like he died because of some unsafe conditions on his site? Makes it even better." — Franklin's payphone description The target is at a construction site filming a reality TV show called Closet CEO. Franklin refers back to the events of The Construction Assassination when Lester had him kill Enzo Bonelli to this CEO's benefit when the Gold Coast Development stock price rose. Only he now knows that this target was just as bad as Bonelli, so has no qualms taking him out in the same way. The Assassination Bonuses revolve around making it look like an industrial accident. The Cofounder Main article: Payphone Hit: The Cofounder "Ey, look, today's target is a cautionary tale, homie. The target is one of the founding members of that phone company, bitterSweet. Man, back in the day he lived the whole Vinewood tech pioneer life... private jets, kale smoothies, cocaine for breakfast... man, you know, all that crazy shit. Then everyone started buying iFruit phones instead, and he went off the rail real fucking fast. Got into all sorts of nasty shit... and I mean nasty shit... and the company fuckin' tanked.But now they got a chance of a new relaunch to turn it all around. But here's where we come in: his cofounder still clean as they come, but he can't do shit while this degenerate fuck has the reins. So we goin' arrange for him to have a lil' accident. The cofounder takes over, and then the stock prices pick up, which means our client's goin' make a big fuckin' bank, and we get paid.We got the target at the motel with a nasty-ass prostitute right now. Go put his ass out of his misery." — Franklin's payphone description The target is at a motel with a prostitute and can be killed as soon as he exits the room before he gets into his Mariachi Tornado. All Assassination Bonuses revolve around destroying his Tornado with him inside. The Judge Main article: Payphone Hit: The Judge "Man, this should be a wholesome-ass day of work. The target is some backwards-ass judge that change the sentences for anyone who offers her a fur coat, or a stack of fuckin' cash. She put a lot of innocent people in jail. Some fuckin' people I even know.And tomorrow, she's ruling in a big fraud case against one of our partners at Lombank. The whole world know he guilty as fuck, so a whole bunch of our clients are out there betting against Lombank stock. Only I just got wind the lady judge been paid to throw the fuckin' case out. And if the defendant wals, and the stock don't tank, our clients stand to lose a lot of fuckin' money. So, I say we bring some karma to this evil-ass bitch, take her out, and our clients'll give us a nice kickback when justice takes its course.So look, she's at the golf course now, playing a round to celebrate in advance. Your outfit should still be at the club house. I suggest you go pay her ass a visit." — Franklin's payphone description The target is at Los Santos Golf Club teeing off with a playing partner and two armed security guards. The Assassination Bonuses revolve around using golfing equipment. The Popstar Main article: Payphone Hit: The Popstar "Ey, I would give you this target's name, but I know you haven't heard it before. He ain't even famous yet... but shit, he about to be. Some sick degenerate trust fund kid who fucks up people lives for fun. He's spiked girls' drinks, done hit and runs, assaults, man, you name it... and then he paid his way out of all that shit.And now he wanna do some reputation management, so he can buy hos way into being the next big pop star. He got a label and a song that's all bought and paid for, he go a ad space and social media campaign ready to fuckin' go. He's all set to scoop a number one single when it drops next week.Now, I know what you thinking: another manufactured pop star, so what? Who cares? Well, our client works at the record label, and he got some nice intel... the label sunk everything they got into this lil' son of a bitch. And if he has an accident, not only will the world be a better place, but the label finin' to go bankrupt. And our client just bet against them big.So look, we make the stock crash, our clients get some zeroes added on to their bank account, and we get a slice of the motherfuckin' pie. Now let's go put this lil' evil motherfucker in the wrong kinda headlines." — Franklin's payphone description The target will be driving around in his customized Annis Euros. The Assassination bonuses require various vehicular methods including Drive-By Shooting, Police Cruiser intimidation and truck cab destruction. The Tech Entrepreneur Main article: Payphone Hit: The Tech Entrepreneur "Ey, this target is one of the most successful tech entrepreneurs un the world, but you ain't never even heard of his damn name. Now this motherfucker? He keeps a low profile, even though he designed half the fuckin' apps on your damn phone: you know, social media, video-sharing, photo-sharing, messaging... you name it, this dud wrote it. And get this: as of tomorrow, he's goin' push what looks like a routine security update, but really it's a backdoor so he can sell all your data to the highest bidder. Fuckin' son of a bitch. He don't care how many people he bankrupt, as long as his fuckin' ass is sitting at the beach in the Caymans next to ten figures in his fuckin' bank account. He got every crooked investor with an internet connection lookin' to buy his stocks once the update hits.But check this out: one of those investors had an even better idea, and he came to me with it. He's goin' bet against the stock, then we take this bitch down, our client cashes out, and we make bank.We just got intel that the target is fucked up right now at some charity event, and fired his driver for the fuckin' tenth time. And he just ordered a cab, but I got Imani to cancel that motherfucker. Dude should be right outside." — Franklin's payphone description The target is at a hotel and the player can simply head directly there to take him out. This is virtually the same as The Hotel Assassination scenario. All Assassination Bonuses revolve around use of a Taxi. The Trolls Main article: Payphone Hit: The Trolls "Alright, look, so the internet is a huge and terrible place that I still don't understand, but the bottom line is: we got some trolls out there banding together to fuck with the stock prices. I've seen some creepy-ass nasty stuff on they message boards, and they got the whole fuckin' army out there dumping and pumping their shit wherever they like. They've been riggin' prices all over the market, cashin' out, and fuckin' everybody else in the process... including a bunch of our clients. And right now, they targeting a stock pick that we all should be worried about.It's a tall ask, but man, I need you to get rid of as many of the ringleaders of these basement-dwelling crooks as soon as you can, before they crash the fuckin' stock. And look, if you do right, a lot of very rich people goin' be very grateful to us, and we goin' get paid." — Franklin's payphone description There are at least four targets on foot, spread around the state. The player has 15 minutes to eliminate them all. They may run away or stand and fight with an SNS Pistol, Knife or Flashlight. Playing the job with associates will increase the number of targets. The Assassination Bonuses are varied, including quicker time, headshots or running them all over. Two player minimum The Dealers Main article: Payphone Hit: The Dealers "So you know Merryweather, right? Shit, of course you do. Anyone who's cut their teeth in this town spent a whole lot of time fuckin' with Merryweather. Ain't no coincidence their stock price is at an all-time low.So look, we got a client who's gonna pay us to do 'em a favor for once. But hear me out on this one. There's a bunch of creepy-ass drug dealers makin' headlines right now. Selling nasty shit to anyone and everyone. The whole city wants 'em dealt with.'Ey, so look, you're gonna make 'em disappear. Make it look professional and shit. Then I'mma get on Snapchat, start spamming posts sayin': "I saw Merryweather take these fools down and the cops couldn't." And boom: Merryweather goes viral with some good publicity, our client make a bunch of money because she just bought a load of their stock, and then we get paid. Everybody's a fuckin' winner, right?" — Franklin's payphone description A minimum of 2 players are required in player Organizations or Motorcycle Clubs in order to receive this Hit. Players must take out four Juggalos drug dealers, simultaneously for the Assassination Bonus. The Hitmen Main article: Payphone Hit: The Hitmen "I normally don't fuck with rats, but in this case, some of the homies that used to work for Coil is sitting on all this top-secret evidence about how the company's car batteries are actually poisoning the whole fuckin' earth... After all the green energy marketing and shit? This is un-fuckin'-believable, right?Well, no surprise, but the Coil CEO is panicking. He actually hired some goons to take out our guy before he even goes public. Man, these motherfuckin' batteries are goin' kill us all, and he's worrying about the fuckin' stock tanking. Well look, our client is an insider who cares passionately about truth and the fuckin' environment. And, more to the point, he just bet big against Coil to cash in when the snitch goes public. So look, we take out the hitmen, make sure the rat gets gis spotlight... Our client makes bank, shit, so do we." — Franklin's payphone description A minimum of 2 players are required in player Organizations or Motorcycle Clubs in order to receive this Hit. Players must take out 8 members of The Professionals in four Coil vehicles (2 Raidens and 2 Brawlers). Assassination Bonuses relate to the method of kill or waiting until they all arrive at a location. Rewards You can now call Franklin to request a Payphone Hit. If Franklin has a job available a ringing payphone will appear on the Radar. \$15,000 plus \$70,000 if the bonus criteria is met. Associates are paid \$15,000 plus \$30,000 for the bonus. The first time a successful Assassination Bonus method is used, either as leader or an associate, a model trophy will be displayed in the players office behind their desk next to the whiskey: The CEO - a construction helmet.
